

"Shree Gandaki Higer Secondary School"

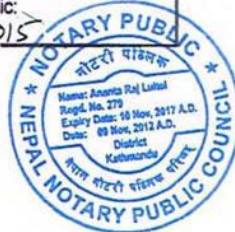

School's Physical(Structural) Side

Most of the teachers in the schools are involved in the private sector and they are hindered to have more expenses. It is therefore the structure of the school is not properly managed. There were total 6 buildings that consists of 20 rooms constructed by V.D.C., District Education Service and locals. The school has conducted to provide education from Class E.C.D. to Class 12 having office, library, store, etc but the massive earthquake on 2072/01/12 B.S.(25th April, 2015 A.D.) has fully damaged the structure of the school.

1. Total building – 6
Damaged rooms – 20
2. Toilet -1(Male), 1(Female)
3. Library – 1
4. Total Store – 1
5. Drinking water – pipe – 1

As mentioned, the school has not properly managed to provide proper education and regular classes to the students because of the destruction of the school. Therefore, the school has planned to resume classes and to reconstruct the building by requesting aid to different associations and organizations.

School
Stamp

- 4) No management of computer classes
- 5) No management of library rooms
- 6) No management of office rooms, laboratory, meeting rooms, store, etc.
- 7) No management of hostel

3. School Education Part

Education is one of the important part. Most of the people in this sector are illiterate. Education plays vital role for mental development, intelligent power and economic conditions. Shree Gandaki Higher Secondary School located at Gorkha district, Thumi V.D.C., Ward No. 5, Arkhet is the center point of thousands of people from Northern V.D.C. Because this school is famous as it is connected to the main road travelling to Northern V.D.C. The education and academic standard is also satisfactory for those students from the same V.D.C., therefore most of the students come to the school to study. So, the service field of the school is also big. The service area of the school means Thumi, Budhathum, Manwu, Kashi Gaun, Karaunza, Lapu, Gumda, Laprak, Uhiya, Sirdibash, etc and the students come from all those V.D.C. to study. Because of this reason, the number of students is excessively high. If the management side of the school is good then higher secondary school, campus(college) will also run better.

a) Student description of Academic Year 2072

Class	Number of Students			Remarks
	Boys	Girls	Total	
ECD	6	7	13	
1	14	15	29
